AIM of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. After visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an industrial visit.

DETAILS OF JOURNEY

- Ganesh College of Engineering had organized a Field visit on 03.05.2024 to Aanai madavu reservoir located in valapady, Salem for the students of Civil Engineering.
- Mr.E. Venkatesan & Mr.S. Sivakumar were the coordinators Faculty for the Industrial Visit.
- We started travelling from the college campus at 09:30 am via our college bus. Totally 55 students along with 4 faculties were there in the journey.

COMPANY PROFILE

First, We Visited The Aanaimaduvu Reservoir (Or) Puzhuthikuttai Dam. It Is Located In Foothills Of Upper Kalrayan In Vazhapadi Taluk Of Salem District. The Length Of The Reservoir Is 670m And The Approximate Height Of The Dam Is 27.94m. The total basin of the river is measured approximately about 150km and covers the northern state of the Tamilnadu state. It has vent size of 0.9M X 1.50M and sill level +396.00M. The discharge of the dam is 61.61c/s. Length of common canal is 302.00M and length of right & left main canal is 14735M & 5980M. Longitude and Latitude is 78°25'50" and 11°46'20". Students learned about the Aanaimaduvu Reservoir and also carried out some basic survey experiments (i.e) Contouring & Chain surveying in foot hill area.

GROUP OBSERVATION:

This field visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.

Got practical knowledge about the construction methods.
Management of manpower and machines,

PRINCIPAL
Ganesh College of Engineering,
Attur Main Road, Mettupatti,
SALEM-636 111

CONCLUSION:

We are thankful for all our faculties for organizing such an Informative event for us in crucial for development of our practical skills. We got the knowledge on different types of constructions used in SM Cars and Contractors and had an opportunity to research on it. We hope to get more chances further to have such an in formative & wonderful experiences of visiting different industries.

Subject: Seeking permission for industrial visit-reg

Dear Sir/Madam,

Our college is pioneer in achieving academic and supporting activities in the field of Engineering studies covering the areas of Mechanical, Electrical & Electronics, Electronics & Communication, Civil, Computer science, Bio Medical, Information technology and Artificial intelligence & Data science. We wish to undertake a one day industrial visit at your SAIL, Salem Plant to acquire practical knowledge in computer control & Automation of steel plant.

There would be 65 visitors, including 5 faculty members. Being students of Electrical & Electronics Engineering, this visit would help in better understanding of various concepts. We intend to take a round of the entire industry and show the tasks handled in different departments to our students.

Kindly grant us permission for the industrial visit and make the necessary arrangements for the same. We look forward to a positive reply from your side.

Thanking You,

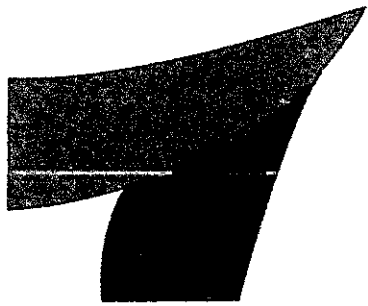

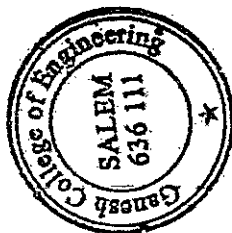

08/4/24

Dear Sir,

Sub: Regarding Industrial Visit
Ref: Your Letter dated 08.04.2024

With reference to your Letter dated 08.04.2024, it is to inform you that your plant visit for Electrical & Electronics Engineering students has been granted on 27.04.2024 at 9.00 am to 10.00 am. **Please adhere to the schedule failing which the visit shall be cancelled.**

In this respect, the following conditions are required to be complied with strictly:

- 1. The maximum number of persons permitted is 60 inclusive of Students, Staffs, Driver and Bus Attendant.**
- 2. If the number exceeds 60, the visit would be cancelled.**
- 3. Safety is most important.** The students are required to wear shoes instead of sandals.
- 4. Visitors without shoes shall not be permitted.**
- Helmets must be worn during the visit, which shall be issued on returnable basis by Salem Steel Plant (PR Department).
- During the visit to the plant, the students must abide by the safety rules and regulations.
- 7. The visitors should arrive together in a bus with adequate capacity and not through public transport.**
- 8. Visit to steel Melting Shop (SMS) is prohibited.**
- The list of members and age visiting the plant in your institution's letterhead duly signed by the Head of Institution in duplicate must be sent two days in advance to the undersigned as per the enclosed format.
- Visitors should not carry Mobile phones/ Camera/ video Camera inside plant premises.
- All should wear Face mask.

Thanking You,

Yours faithfully,
For SAIL/Salem Steel Plant,

NAME & ADDRESS OF THE COMPANY	SAIL – SALEM STEEL PLANT
TECHNICAL DETAILS ABOUT THE COMPANY	<p>At first, we visited the scrap and raw materials section and then moved on to the SMS (Steel Melting Section) where raw materials and scraps were melted made into steel slabs and stored in the slab yard. Then, the steel slabs were transported to the HRM (Hot Rolling Mill) and made into thin sheets of steel coil which were further rolled, sent to the numbering and weighing machine, later on stored in the yard.</p> <p>Steel coil is transported to CRM (Cold Rolling Mill) where the thickness of the steel is reduced and the coil is made as per the requirements of the customer. Finally, we visited the control room and learned about the entire process which is monitored from the PLC unit.</p>

Subject: Seeking permission for industrial visit-reg

Dear Sir/Madam,

Our college is pioneer in achieving academic and supporting activities in the field of Engineering studies covering the areas of Mechanical, Electrical & Electronics, Electronics & Communication, Civil, Computer science, Bio Medical, Information technology and Artificial intelligence & Data science. We wish to undertake a one day industrial visit at your 400KV Substation, KR Thoppur to acquire practical knowledge in the various components of a substation, such as transformers, circuit breakers, and switchgear, as well as the principles of power distribution and transmission.

There would be 45 visitors, including 5 faculty members. Being students of Electrical & Electronics Engineering, this visit would help in better understanding of various concepts. We intend to take a round of the entire Substation and show the grid monitoring, control systems, and emergency response protocols handled in the substation to our students.

Kindly grant us permission for the industrial visit for one day on 03-05-2024 and make the necessary arrangements for the same. We look forward to a positive reply from your side.

Thanking You,

AIM of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim industrial visit is to provide an exposure to students about practical working environment They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. A far visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an industrial visit.

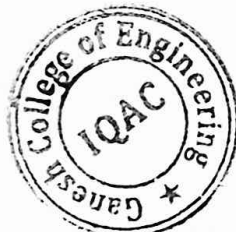

DETAILS OF JOURNEY

- Ganesh College of Engineering had organized a Field visit on 02.05.2024 to S M Cars PVT LTD located in Salem for the students of Mechanical Engineering.
- Mr.E.Venkatesan & Mr.S.Sivakumar were the coordinators Faculty for the Industrial Visit.
- We started travelling from the college campus at 09:30 am via our college bus. Totally 55 students along with 4 faculties were there in the journey.

COMPANY PROFILE

Maruti Suzuki Commercial is one of the top manufacturers of commercial vehicles in Salem, delivering the best customer services and exemplary buying experiences to all customers. The range of commercial vehicles by Maruti Suzuki Commercial include the Maruti Suzuki Eeco Cargo and the mini truck, the Super Carry, as well as the Tour range. The first step in your journey to buying a new EECO-Cargo or Super-Carry is finding the right Commercial Vehicle Dealership. Your online search for a "Commercial Vehicle Dealer near me" has brought you to SM Cars Maruti Suzuki Commercial,, where you can explore the entire range of vehicles by Maruti Suzuki Commercial at a state-of-the- art showroom in a seamless buying process. Whether you are looking for a Commercial EECO Cargo, Super Carry, Tour H1, Tour H3, Tour M, Tour S, and Tour V in Salem, SM Cars, has everything you are looking for. SM Cars offers Goods Carrier & Passenger Carrier in Salem in petrol as well as CNG variants at the best on-road prices. Enquire now for available offers & discounts on Goods Carrier & Passenger Carrier in Salem. In a simple and hassle-free manner, you can also avail EMI and Finance schemes at SM Cars Maruti Suzuki Commercial, when you buy a new Commercial EECO Cargo, Super Carry, Tour H1, Tour H3, Tour M, Tour S, and Tour V.

GROUPOBSERVATION:

This field visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.

Got practical knowledge about the construction methods.
Management of manpower and machines,

CONCLUSION:

We are thankful for all our faculties for organizing such an Informative event for us in crucial for development of our practical skills.

We got the knowledge on different types of constructions used in SM Cars and Contractors and had an opportunity to research on it.

We hope to get more chances further to have such an in formative & wonderful experiences of visiting different industries.

AIM of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. After visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an industrial visit.

DETAILS OF JOURNEY

- Ganesh College of Engineering had organized a Field visit on 03.03.2023 to WEARABLEMEMS PRIVATE LIMITED located in Rasipuram, Namakkal for the students of Computer science and Engineering.
- Mrs.V.Sowmya & Mrs.M.Mahalakshmi were the coordinators Faculty for the Industrial Visit.
- We started travelling from the college campus at 09:30 am via our college bus. Totally 70 students along with 4 faculties were there in the journey.

COMPANY PROFILE

We have come out with the best of solutions to provide rural healthcare communication to hospitals/doctors using wearables and IOT. WM is an all ladies employer company, setup to harness and provide a technological exposure to women work force, and deliver health monitoring and alerts to folks in rural area who have little knowledge about digitally communicating, getting a doctors appointment, selecting a hospital, getting healthcare second opinion, availing personal and government insurance and medication refill on time..

GROUP OBSERVATION:

This field visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.

Got practical knowledge about the digital communication.
Management of manpower and wearables.

E-Mail: principal@ganeshenggcollege.org www.ganeshenggcollege.org

CONCLUSION:

We are thankful for all our faculties for organizing such an Informative event for us in crucial for development of our practical skills. We got the knowledge on different types of communications used in health monitoring and had an opportunity to research on it. We hope to get more chances further to have such an informative & wonderful experiences of visiting different industries.

A3 Hormone Lab,
Salem.

Subject: Seeking permission for industrial visit-reg

Dear Sir/Madam,

Our college is pioneer in achieving academic and supporting activities in the field of Engineering studies covering the areas of Mechanical, Electrical & Electronics, Electronics & Communication, Civil, Computer science, Bio Medical, Information technology and Artificial intelligence & Data science. We wish to undertake a one day industrial visit at your A3 Hormone Lab, Salem to acquire practical knowledge in Bio Medical Equipments & Electronics Instruments.

There would be 65 visitors, including 5 faculty members. Being students of Electronics & communication Engineering and Bio medical engineering this visit would help in better understanding of various concepts. We intend to take a round of the entire labs and show the tasks handled in different departments to our students.

Kindly grant us permission for the One day industrial visit on 03.05.2024 and make the necessary arrangements for the same. We look forward to a positive reply from your side.

Thanking You,
